

Our Community Facilities

What you have told us.....

The recreation ground should be protected from development - other than for sports use.

The provision of more leisure and sports facilities is desirable.

The Youth Club needs to be open more often.

The Party in the Park and Christmas Festival should continue!

A village sports day, folk festival or jazz event was suggested.

There is support for a heritage centre or museum in the village.

The old school in New Road should be protected as part of the village heritage.

Our Community Facilities

Responses from the Youth Club:

More sports provision is needed on the recreation ground such as goal nets, hoops, a tennis court and skateboard area.

More village evening events are needed such as music gigs and barbeques.

The Youth Club should be open more often and the building should be left as it is i.e. for use by the Youth Service.

A museum or Heritage Centre is not required as it would be boring.
